

Portal TI[®]

Intelligent, automated customer service system

- NEW! Touchscreen technology
- VIP Coupons for the Mars bill acceptor
- Token dispensing
- ReachFree ID subscription-based wash accounts
- Change in bills, coins, or both
- Remote manager capabilities give ultimate flexibility and control

With its sophisticated design, versatile marketing opportunities, expanded reporting and the most complete menu of payment options in the industry, the Portal TI is truly revolutionary technology.

The Portal TI offers a variety of seamless payment solutions that can be scaled to meet your business needs. The touchscreen technology and user-friendly screens are designed to guide customers quickly through the transaction process. Remote access, comprehensive reporting and advanced security features let the owner manage the site, save time and make more money.

Increase revenue through multiple advertising opportunities, loyalty programs and cross merchandising. The Portal's simple, no-hassle approach maximizes customer flexibility and convenience while offering unique branding opportunities. The POS interface sells carwash codes at the C-Store POS register or gas pumps for redemption at the Portal TI.

The Portal TI is the smart choice for either a self-serve/investor or a petroleum/C-Store site. Best of all, this fully featured system is compatible with rollover, tunnel and combo washes.
